☐ To extend the term of supervision for ____ years, for a total term of ____ years.☒ To modify the conditions of supervision as follows:

Strike the following condition:

In addition, the defendant shall be prohibited from having Internet access during the defendant's period of supervision.

Add the following condition:

The defendant shall comply with the requirements of the U.S. Probation and Pretrial Services Computer Monitoring Program as directed. The defendant shall consent to the U.S. Probation and Pretrial Services Office conducting ongoing monitoring of his/her computer(s), hardware, and software, and any/all electronic devices/media. The monitoring will include the installation, at the defendant's expense, of hardware or software systems that allow evaluation of his/her computer use. Monitoring may also include the retrieval and copying of all data from his/her computer(s) or any/all other electronic devices/media. The defendant may be subject to quarterly polygraph testing at his/her expense, solely to ensure compliance with the requirements of the monitoring program. The defendant hereby consents to U.S. Probation and Pretrial Services' use of electronic detection devices to evaluate the defendant's access to Wi-Fi (wireless fidelity) connections.

CAUSE

Mr. Lorente's current conditions prohibit him from accessing the internet. Based upon his need to pursue housing, treatment, and prosocial support networks, the probation office is requesting that the existing "no internet access" condition be replaced with a condition allowing monitored use. This modification will allow Mr. Lorente to pursue these avenues for long-term stability, while allowing the probation office to monitor his access.
